

INDUSTRY DAY: DATA SCIENCE & AI

FOCUS: TALENT DEVELOPMENT + STARTUP CHALLENGES + OPPORTUNITIES

September 28, 2018 - TORONTO @ MaRS

REGISTER: goo.gl/ciupXB

ABOUT INDUSTRY DAY:

At this event we will hear from industry leaders, industry researchers, academics, educators, and start-ups about the challenges faced by industry in the data science & AI space, and the rapidly advancing training efforts being developed locally.

Industry Day: Data Science & AI: is a day of presentations on September 28, 2018 concluding the week-long workshop "Statistical Inference, Learning and Models for Data Science", 24 - 27, 2018.

SPONSORS & PARTNERS:

VECTOR INSTITUTE | INSTITUT VECTEUR

FIELDS INSTITUTE
FOR RESEARCH IN MATHEMATICAL SCIENCES

Statistical Sciences
UNIVERSITY OF TORONTO

Computer Science
UNIVERSITY OF TORONTO

<DCSIL>
WHERE FOUNDERS ARE MADE
Department of Computer Science Innovation Lab

KEYNOTE SPEAKERS:

Mark Girolami, Director, Program for Data-Centric Engineering, Alan Turing Institute

Garth Gibson, President and CEO, Vector Institute

PLENARY SPEAKERS:

Peter Misek, Partner, IT Venture Fund, Business Development Bank of Canada

Madalin Mihailescu, CTO, Georgian Partners

Ruslan Salakhutdinov, Director of AI Research, Apple

Hilary Parker, Data Scientist, Stitch Fix

Arvind Gupta, Professor, Department of Computer Science, University of Toronto

TALENT PANEL:

Matt Medland, Director, Professional Programs & External Relations, Department of Computer Science, University of Toronto

Melissa Sariffodeen, Co-Founder, CEO, Canada Learning Code

Javier Moreno, Senior Data Scientist, Rubikloud

STARTUPS PANEL:

Yervant Kulbashian, CTO, STACK

Periklis Andristos, CTO, ODAIA

Maya Madeiros, Partner & Startup Group, Norton Rose Fulbright

HOSTS & MODERATORS:

Helen Kontozopoulos, Co-Founder, Department of Computer Science Innovation Lab, University of Toronto

Nathan Taback, Associate Professor, Teaching Stream Departments of Statistical Sciences and Computer Science, University of Toronto
